

The graph shows the number of people in the 18-24 age group in the United States from 1990 to 2010. The x-axis represents years from 1990 to 2010 in 5-year increments. The y-axis represents the number of people in millions, ranging from 0 to 100 in increments of 20. The line starts at approximately 25 million in 1990, rises linearly to 50 million in 2000, and then remains constant at 50 million through 2010.
